Technical Profile

Dimensions:	89 x 47 x 23 mm
Weight:	109 g
Standby time*:	GSM: up to 310h; UMTS: up to 250h
Talktime*:	GSM: approx 195min; UMTS: approx 210minh
Battery:	Li-Ion 950 mAh
Antenna:	Integrated
Main-display:	QVGA 240 x 320 pixels, 2.0 inches, TFT, 16.7 million colors
Camera:	3.2 megapixel camera, 8x digital zoom + protected 2nd VGA camera
Connectivity:	Bluetooth®, USB
Storage:	Internal user memory ~ 64 MB, microSD™ card slot

Features

- Innovative input method supporting mystery story via Force Sensitive Resistor (FSR) – pressure sensitive technology
- Exciting visual experience provided by full video capability and a large 2.0 inch display with 16.7 Mio. colors
- 3.2 megapixel autofocus camera for pictures & videos
- Cleverly protected VGA video telephony camera
- MP3 player
- Stereo RDS FM radio
- MicroSD™ card slot
- Media player for music and video; MP3, AAC++, MPEG4, RealVideo 8/9, h.263, 3GPP
- Video download and streaming
- 72-chord polyphonic ringtones; MP3, AAC++, real audio 8 enhanced
- MMS, e-mail client, IMPS
- Speaker dependent (SD) voice dialing
- Bluetooth® and USB support
- Stereo headset with volume control
- Design shell (desktop stand) supporting the exclusive design with surprising light concept

* Actual performance is dependent on network conditions

Supported Supplementary Services*

•	ALS	Alternative Line Service
•	AOCC	Advice of Charge Charging. Control of units used with preset limit
•	AOCI	Advice of Charge Information. Display of units with cost conversion
•	CAI	Display of Charge Advice Information
•	CB	Call Barring (all GSM options)
•	CCBS	Call Completion to Busy Subscriber
•	CF	Call Forwarding
•	CH	Call Hold
•	CLIP	Calling Line Identification Presentation
•	CLIR	Calling Line Identification Restriction
•	CPHS4.2	Common PCN Handset Specification
•	CT	Call Transfer
•	CW	Call Waiting
•	ECT	Explicit Call Transfer
•	FDN	Fixed Dialing Numbers**
•	HZI	Home Zone Indicator
•	LND	Last Number Dialing
•	MTPY	Multiparty Conference
•	SMS CB	Cell Broadcast
•	SMS MO	Mobile Originated
•	SMS MT	Mobile Terminated
•	USSD-notify	Unstructured Supplementary Service Data

* Network-dependent   ** SIM-related features

Data Service

▪ SMS, MMS rel. 4, MMS postcard service, IMPS, e-mail
▪ Browser: OMA browsing 2.0, XHTML-MP, wCSS (98%), wTCP/IP, WML 1.3, dual stack (whttp, WSP 1.x); OMA download OTA; SSL 3.0/TLS 1.0
▪ Java: MIDP 2.0; CLDC 1.1, JTWI 1.1

SIM Functionality/Security Controls

▪ SIM Application Toolkit (Rel. 99)
▪ SIM lock, various levels
▪ PIN 1 & 2 control

Standard Package

▪ SL91 handset
▪ Li-Ion Battery 950 mAh
▪ Travel charger
▪ User guide
▪ CD-ROM including synchronization software
▪ *Headset Stereo with volume control *new**
▪ *Design Shell (desktop stand with surprising lighting)*

Color Variants

Magic Black*
